Bulletin 264

January 16, 2026

To: TAIPA Certified Producers

EASI Email Verification Required Beginning January 2026

EASi will soon display a message after the Log in Screen that requires a Producer of Record to enter and verify their email address in January 2026.

Only the following individual should complete the email verification:

Legal holder of the license

Designated Responsible Party (DRP)

Principal Producer

The email entered must not be a shared or group email address

Once verified, the Producer of Record will receive a one-time 6-digit passcode at that email address. Entering the passcode will be required to complete the process.

We have included additional information regarding the process as well as frequently asked questions. We expect that this process will start on January 20, 2026.
