Bulletin No. 49A

Plan of Operations Section 6.A. 5

This bulletin serves as a follow-up to the Texas Automobile Insurance Plan Association (TAIPA) bulletin 49 dated January 3, 1997, regarding Section 6.A.5 (copy attached).

The temporary application processing method implemented on January 1, 1997, will be extended until May of 1997.

TAIPA staff must provide a complete report on the procedure to the Governing Committee at its May, 22, 1997, meeting. We need information stating how our procedure has influenced the insurer's method of processing the new assignments. The temporary procedures allowed a minimal number applications to be assigned with missing or incomplete information. Applications submitted with premium remittance less than that required in Section 5 were also assigned and forwarded to the insurer for policy issuance.

We appreciate your comments and suggestions.

Sincerely,

Margaret Alsobrook
Operations Manager
