Bulletin 52

TAIPA Quotas

Effective 1/1/97 "Private Passenger" type vehicles not eligible for Personal Automobile Policy coverage will be assigned against the OTPP quota, since under the commercial statistical plan effective 1/1/95 the voluntary premiums for these type vehicles are included with the "net direct written premiums for commercial automobiles." The 1995 "net direct voluntary premiums" provide the basis for the OTPP quota.

This change affects the following vehicles:

1. Private Passenger Types owned by corporations, company partnerships or unincorporate associations under both a fleet and nonfleet plan.
2. Other than Private Passenger Types insured under a commercial type policy.

When reporting fulfillment data for assignments, the premiums for these same type vehicles should be reported under OTPP not Private Passenger.

If you have any questions, please contact the undersigned.

Sincerely,

Margaret Alsobrook,
Operations Manager
